NEW YORK, NEW YORK 10018**

**PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 25, 2022**

The enclosed proxy is being solicited on behalf of the board of directors of Kubient, Inc. (the “**Company**”) for use at the Annual Meeting of Stockholders (the “**Meeting**”) to be held on Wednesday, May 25, 2022 at 2:00 p.m. Eastern Time, in a virtual meeting format only, via live webcast at www.virtualshareholdermeeting.com/KBNT2022, or at such other time and place to which the Meeting may be adjourned. A list of stockholders entitled to vote at the Meeting will be available for inspection during the ten days prior to the Meeting at www.proxyvote.com, as well as during the Meeting. Proxies, together with copies of this Proxy Statement, are being mailed to stockholders of record entitled to vote at the Meeting on or about April 15, 2022.

Execution and return of the enclosed proxy will not affect a stockholder’s right to attend the Meeting and to vote in person at the virtual Meeting. Any stockholder executing a proxy retains the right to revoke such proxy at any time prior to exercise at the Meeting. A proxy may be revoked by delivery of written notice of revocation to the Secretary of the Company, by execution and delivery of a later proxy or by voting the shares in person at the Meeting. If you virtually attend the Meeting and vote in person by ballot, your proxy will be revoked automatically and only your vote at the Meeting will be counted. A proxy, when executed and not revoked, will be voted in accordance with the instructions thereon. In the absence of specific instructions, proxies will be voted by those named in the proxy “**FOR**” the election as directors of those nominees named in the Proxy Statement, “**FOR**” the approval of each of the other proposals described in this Proxy Statement, and in accordance with their best judgment on all other matters that may properly come before the Meeting. The enclosed form of proxy card provides a method for stockholders to withhold authority to vote for any one or more of the nominees for director while granting authority to vote for the remaining nominees. The names of all nominees are listed on the proxy. If you wish to grant authority to vote for all nominees, check the box marked “**FOR**.” If you wish to withhold authority to vote for all nominees, check the box marked “**WITHHOLD**.” If you wish your shares to be voted for some nominees and not for one or more of the others, check the box marked “**FOR**” and indicate the name(s) of the nominee(s) for whom you are withholding the authority to vote by writing the name(s) of such nominee(s) on the proxy in the space provided.

RECORD DATE AND VOTING SECURITIES

Only stockholders of record at the close of business on April 11, 2022, are entitled to notice of, and to vote at, the Meeting. The stock transfer books of the Company will remain open between the record date and the date of the Meeting. On the record date of April 11, 2022, the Company had 14,356,935 outstanding shares of its common stock, \$0.00001 par value (the “**common stock**”) held of record by 37 holders.

QUORUM AND VOTING

The presence at the Meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding is necessary to constitute a quorum. Holders of common stock are entitled to one vote for each share of common stock held on each matter to be voted on at the Meeting including the election of directors. All votes will be tabulated by the inspector of election appointed for the Meeting, who will separately tabulate affirmative and negative votes, abstentions, and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on matters presented at the Meeting and will have the same effect as negative votes (other than the election of directors) whereas broker non-votes will not be counted for purposes of determining whether a matter has been approved.

Assuming the presence of a quorum, the following paragraphs describe the vote required by the stockholders of record to approve each of the proposals set forth in this Proxy Statement.

- **Proposal One.** The seven nominees receiving the greatest number of votes of the shares of common stock outstanding present in person or represented by proxy at the Meeting and entitled to vote shall be deemed elected even if they receive the affirmative vote of less than a majority of the shares of common stock outstanding entitled to be voted at the Meeting.
- **Proposal Two.** The affirmative vote of the holders of a majority of the shares of common stock outstanding entitled to vote at the Meeting and present in person or by proxy, is required for the ratification of the appointment of Marcum LLP as our independent registered public accounting firm.

The board of directors recommends a vote “FOR” each of proposals set forth in this Proxy Statement.

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS

Below are instructions on how to vote, as well as information on your rights as a stockholder as they relate to voting. Some of the instructions vary depending on how your stock is held. It's important to follow the instructions that apply to your situation.

Why am I receiving these materials?

The Company has made these materials available to you on the Internet in connection with the Company's solicitation of proxies for use at the Meeting, and at any postponement(s) or adjournment(s) thereof. These materials are first being sent or given to stockholders on or about April 15, 2022. This Proxy Statement gives you information on how to vote your proxy, and the proposals to be presented at the Meeting so that you can make an informed decision.

In this Proxy Statement, we refer to Kubient, Inc. as the "Company," "we," "us" or "our."

What is included in these materials?

These materials (the "Proxy Materials") include:

- This Proxy Statement for the Meeting; and
- The Company's Annual Report on Form 10-K for the year ended December 31, 2021, as filed with the Securities and Exchange Commission (the "SEC") on March 31, 2022 (the "Annual Report").

If you requested printed versions of these Proxy Materials by mail, these materials also include the proxy card or voting instruction form for the Meeting.

How can I get access to the Proxy Materials?

We are pleased to take advantage of SEC rules that allow us to furnish our Proxy Materials, including, over the Internet. As a result, we are mailing to most of our stockholders a Notice of Internet Availability of Proxy Materials (the Notice) instead of a paper copy of the Proxy Materials. The Notice contains instructions on how to access those documents over the Internet and how to submit your proxy via the Internet. The Notice also contains instructions on how to request a paper copy of the Proxy Materials. All stockholders who do not receive the Notice will receive a paper copy of the Proxy Materials by mail or an electronic copy of the Proxy Materials by e-mail. This process allows us to provide our stockholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing the Proxy Materials. This Proxy Statement and the Annual Report are available at www.proxyvote.com.

How do I participate in the Meeting?

A: This year's Annual Meeting will be accessible through the Internet. We believe a virtual-only meeting format facilitates stockholder attendance and participation by enabling all stockholders to participate fully and equally, and without cost, using an Internet-connected device from any location around the world. In addition, the virtual-only meeting format increases our ability to engage with all stockholders, regardless of size, resources or physical location, and enables us to protect the health and safety of all attendees, particularly in light of the on-going COVID-19 pandemic. You are entitled to participate in the Meeting if you were a stockholder as of the close of business on April 11, 2022, the record date, or hold a valid proxy for the meeting.

On the day of the Meeting, stockholders may begin to log in to the virtual-only Meeting 15 minutes prior to the Meeting at www.virtualshareholdermeeting.com/KBNT2022. The Meeting will begin promptly at 2:00 p.m. Eastern Time.

Our virtual Meeting will allow stockholders to submit questions before and during the Meeting. During a designated question and answer period at the Meeting, we will respond to appropriate questions submitted by stockholders.

What items of business will be voted on at the Meeting?

The items of business scheduled to be voted on at the Meeting are:

- (1) To elect seven (7) directors to serve until the next Annual Meeting of Stockholders or until their respective successors are duly elected and qualified;
- (2) To ratify the appointment of Marcum LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2022; and
- (3) To transact such other business as may properly come before the Meeting or any adjournments thereof.

How does the board of directors recommend that I vote?

The board of directors recommends a vote “FOR” each of proposals set forth in this Proxy Statement.

Who can vote at the Meeting?

Stockholders who owned shares of our common stock on April 11, 2022 (the “**Record Date**”) may attend and vote at the Meeting.

How many votes am I entitled to per share?

Each share of common stock entitles the holder thereof to one vote on each proposal at the Meeting.

There were 14,356,935 shares of common stock outstanding on the Record Date. There are no cumulative voting rights. Information about the stockholdings of our directors and executive officers is contained in the section of this Proxy Statement entitled “Other Information — Security Ownership of Certain Beneficial Owners and Management”.

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

If your shares are registered directly in your name through Computershare Limited, the Company’s transfer agent, you are considered a “stockholder of record.” If your shares are held in a brokerage account or bank, you are considered a “street name” holder.

How do I vote if shares are registered in my name (as a stockholder of record)?

By Mail: Sign, date and return the enclosed proxy card in the postage paid envelope provided.

By Telephone or Internet: Call the toll-free number listed on your proxy card, log on to the website listed on your proxy card or scan the QR code on your proxy card and follow the simple instructions provided.

By Attending the 2022 Annual Meeting on the Internet: Withdraw your earlier proxy and vote at the Annual Meeting via the Internet.

The telephone and Internet voting procedures are designed to allow you to vote your shares and to confirm that your instructions have been properly recorded consistent with applicable law. Please see your proxy card for specific instructions. Stockholders who wish to vote over the Internet should be aware that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, and that there may be some risk a stockholder’s vote might not be properly recorded or counted because of an unanticipated electronic malfunction.

How do I vote if my shares are held in “street name?”

You should give instructions to your broker on how to vote your shares.

If you do not provide voting instructions to your broker, your broker has discretion to vote those shares on matters that are routine. However, a broker cannot vote shares on non-routine matters without your instructions. This is referred to as a “broker non-vote.”

All proposals other than the ratification of appointment of the independent registered public accounting firm (Proposal 2) are considered non-routine matters. Accordingly, your broker will not have the discretion to vote shares as to which you have not provided voting instructions with respect to any of these matters. Ratification of the appointment of the independent registered public accounting firm is considered a routine matter, so there will not be any broker non-votes with respect to that proposal.

What is the proxy card?

The proxy card enables you to appoint Paul Roberts, our Chief Executive Officer and Chairman of the Board, and Joshua Weiss, our Chief Financial Officer, as your representatives at the Meeting. By completing and returning the proxy card, you are authorizing these persons to vote your shares at the Meeting in accordance with your instructions on the proxy card. This way your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Meeting, it is strongly recommended you complete and return your proxy card before the Meeting date just in case your plans change. If a proposal comes up for vote at the Meeting that is not on the proxy card, the proxy will vote your shares, under your proxy, according to their best judgment to the extent permissible by applicable law.

Can I revoke my proxy or change my vote after I have voted?

If your shares are registered in your name, you may revoke your proxy at any time before it is exercised. There are several ways you can do this:

- By delivering a written notice of revocation to the Secretary of the Company;
- By executing and delivering another proxy that bears a later date;
- By voting by telephone at a later time;
- By voting over the Internet at a later time; or
- By voting in person at the meeting on the Internet.

If your shares are held in street name, you must contact your broker to revoke your proxy.

How are votes counted?

In tallying the results of the voting, the Company will count all properly executed and unrevoked proxies that have been received in time for the Meeting. To hold a meeting of stockholders, a quorum of the shares (which is a majority of the shares outstanding and entitled to vote) is required to be represented either in person or by proxy at the Meeting. Abstentions and broker non-votes will be counted in determining whether a quorum was present for the Meeting.

What are my options when voting for directors (Proposal 1)?

When voting to elect directors, you have three options:

- Vote FOR a nominee;
- Vote AGAINST a nominee; or
- ABSTAIN from voting on a nominee.

In the election of directors, each nominee will be elected by a vote of the majority of votes cast. A majority of votes cast means that the number of shares voted “FOR” a nominee’s election must exceed the number of shares voted “AGAINST” such nominee. Each nominee receiving a majority of votes cast “FOR” his or her election will be elected. If you elect to “ABSTAIN” with respect to a nominee for director, the abstention will not impact the election of such nominee.

Election of directors is considered a non-routine matter. Accordingly, broker non-votes will not count as a vote “FOR” or “AGAINST” a nominee’s election and will not impact the election of such nominee. In tabulating the voting results for the election of directors, only “FOR” and “AGAINST” votes are counted.

What are my options when voting on any other proposals (Proposals 2, and if applicable, 3)?

When voting on any other proposal, you have three options:

- Vote FOR a given proposal;
- Vote AGAINST a given proposal; or
- ABSTAIN from voting on a given proposal.

Each of Proposals 2 and 3 requires the affirmative vote of a majority of the shares present at the meeting and entitled to vote on the proposal. If you indicate on your proxy card that you wish to “ABSTAIN” from voting on any of Proposals 2 or 3, your shares will not be voted on that proposal. Abstentions are not counted in determining the number of shares voted “FOR” or “AGAINST” any proposal but will be counted as present and entitled to vote on the proposal. Accordingly, an abstention will have the effect of a vote against the proposal.

Broker non-votes are not counted in determining the number of shares voted for or against any proposal and will not be counted as present and entitled to vote on either of Proposals 2 or 3.

How will my shares be voted if I sign and return my proxy card with no votes marked?

If you sign and return your proxy card with no votes marked, your shares will be voted “FOR” each of proposals set forth in this Proxy Statement.

How are proxies solicited and what is the cost?

The Company actively solicits proxy participation. In addition to this notice by mail, the Company encourages banks, brokers and other custodian nominees and fiduciaries to supply proxy materials to stockholders, and reimburses them for their expenses. However, the Company does not reimburse its own employees for soliciting proxies.

Is my vote kept confidential?

Proxies, ballots and voting tabulations identifying stockholders are kept confidential and will not be disclosed except as may be necessary to meet legal requirements.

Where do I find the voting results of the Meeting?

We will announce voting results at the Meeting. The final voting results will be tallied by the inspector of election and published in a Current Report on Form 8-K, which the Company is required to file with the SEC within four business days following the Meeting.

Do I have any appraisal rights?

None of the Delaware General Corporation Law (the “DGCL”), our Amended and Restated Certificate of Incorporation nor our Amended and Restated Bylaws provide for appraisal or other similar rights for dissenting stockholders in connection with the proposals at this Meeting. Accordingly, our stockholders will have no right to dissent and obtain payment for their shares.

Are there any other matters to be handled at the Meeting?

We are not currently aware of any business to be acted upon at the Meeting other than the proposals discussed in this Proxy Statement. The form of proxy accompanying this Proxy Statement confers discretionary authority upon the named proxy holders with respect to amendments or variations to the matters identified in the accompanying Notice of Meeting and with respect to any other matters which may properly come before the Meeting or at any adjournment(s) or postponement(s) of the Meeting. If other matters do properly come before the Meeting, or at any adjournment(s) or postponement(s) of the Meeting, shares of our common stock, represented by properly submitted proxies, will be voted by the proxy holders in accordance with their best judgment to the extent permitted by applicable law.

Who can help answer my questions?

You can contact our Chief Financial Officer, Joshua Weiss, at finance@kubient.com or by sending a letter to Mr. Weiss at the Company’s headquarters at Kubient, Inc., 500 7th Avenue, 8th Floor New York, New York 10018, with any questions about the proposals described in this Proxy Statement or how to execute your vote.

The board of directors meets on a regularly scheduled basis during the fiscal year of the Company to review significant developments affecting the Company and to act on matters requiring board of directors approval. It also holds special meetings as required from time to time when important matters arise requiring board of directors action between scheduled meetings. The board of directors or its authorized committees met 16 times during the 2021 fiscal year. During fiscal year 2021, each director participated in at least 75% or more of the aggregate of (1) the total number of meetings of the board of directors (held during the period for which he was a director), and (2) the total number of meetings of all committees of the board of directors on which he served (during the period that he served).

Family Relationships

There are no family relationships among any of our executive officers or directors.

Corporate Governance Overview

We are committed to having sound corporate governance principles, which are essential to running our business efficiently and maintaining our integrity in the marketplace. We understand that corporate governance practices change and evolve over time, and we seek to adopt and use practices that we believe will be of value to our stockholders and will positively aid in the governance of the Company. To that end, we regularly review our corporate governance policies and practices and compare them to the practices of other peer institutions and public companies. We will continue to monitor emerging developments in corporate governance and enhance our policies and procedures when required or when our board of directors determines that it would benefit our Company and our stockholders.

In this section, we describe the roles and responsibilities of our board of directors and its committees and describe our corporate governance policies, procedures and related documents. The charters of the audit, nominating and corporate governance, and compensation committees of our board of directors, our Corporate Governance Guidelines and Code of Business Conduct and Ethics can be accessed electronically under the “Governance” link on the Investor Relations page of our website at <https://www.Kubient.com>. We will also provide a copy of the audit and compensation committee charters, our Corporate Governance Guidelines and our Code of Business Conduct and Ethics without charge upon written request sent to our Investor Relations department at Attn: Investor Relations, Kubient, Inc., c/o Joshua Weiss, 500 7th Avenue, 8th Floor New York, New York 10018. The inclusion of our website address in this section does not include or incorporate by reference the information on our website into this report.

Board Composition and Leadership Structure

Paul Roberts serves as our Chief Executive Officer, Chief Strategy Officer, President and Chairman. Although the roles of Chief Executive Officer, Chief Strategy Officer, President and Chairman of our board of directors are currently performed by the same person, we do not have a policy regarding the separation of these roles, as our board of directors believes that it is in the best interests of the Company and our stockholders to make that determination from time to time based upon the position and direction of the Company and the membership of our board of directors.

Our board of directors has determined that our leadership structure is appropriate for the Company and our stockholders as it helps to ensure that the board of directors and management act with a common purpose and provides a single, clear chain of command to execute our strategic initiatives and business plans. In addition, our board of directors believes that a combined role of Chief Strategy Officer, President and Chairman is better positioned to act as a bridge between management and our board of directors, facilitating the regular flow of information. Our board of directors also believes that it is advantageous to have a Chairman with an extensive history with and knowledge of our technology and industry (as is the case with our Chief Executive Officer, Chief Strategy Officer and President, Paul Roberts).

Director Independence

Applicable rules of The Nasdaq Capital Market (“**Nasdaq**”) require a majority of a listed company’s board of directors to be comprised of independent directors within one (1) year of listing. In addition, Nasdaq rules require that, subject to specified exceptions, each member of a listed company’s audit, compensation and nominating and

corporate governance committees be independent, and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act. The Nasdaq independence definition includes a series of objective tests, such as that the director is not, and has not been for at least three (3) years, one of our employees, that neither the director nor any of his family members has engaged in various types of business dealings with us and that the director is not associated with the holders of more than five percent (5%) of our common stock. In addition, under applicable Nasdaq rules, a director will only qualify as an “independent director” if, in the opinion of the listed company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our board of directors has undertaken a review of the independence of each director. Based on information provided by each director concerning their background, employment and affiliations, our board of directors has determined that four of the seven proposed directors, do not have relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under the listing standards of Nasdaq. In making such determination, our board of directors considered the relationships that each such non-employee director has with us and all other facts and circumstances that our board of directors deemed relevant in determining his independence, including the beneficial ownership of our capital stock by each non-employee director.

Each of Jonathan Bond, Grainne Coen, Elisabeth H. DeMarse, Lawrence Harris, and Jeannie Mun would be considered “independent” members of our board of directors as “independence” is defined in Nasdaq Marketplace Rule 5605(a)(2).

Board’s Role in Risk Oversight and Management

Our board of directors has responsibility for the oversight of the Company’s risk management processes and, either as a whole or through its committees, regularly discusses with management our major risk exposures, their potential impact on our business and the steps we take to manage them. The risk oversight process includes receiving regular reports from board committees and members of senior management to enable our board to understand the company’s risk identification, risk management and risk mitigation strategies with respect to areas of potential material risk, including operations, finance, legal, regulatory, strategic and reputational risk. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

The audit committee reviews information regarding liquidity and operations, and oversees our management of financial risks. Periodically, the audit committee reviews our policies with respect to risk assessment, risk management, loss prevention and regulatory compliance. Oversight by the audit committee includes direct communication with our external auditors, and discussions with management regarding significant risk exposures and the actions management has taken to limit, monitor or control such exposures. The compensation committee is responsible for assessing whether any of our compensation policies or programs has the potential to encourage excessive risk-taking. The nominating and corporate governance committee manages risks associated with the independence of the board, corporate disclosure practices, and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board is regularly informed through committee reports about such risks. Matters of significant strategic risk are considered by our board of directors as a whole.

Committees of Our Board of Directors

Our board of directors has established an audit committee, a business development and marketing committee, a compensation committee, and a nominating and corporate governance committee. The composition and responsibilities of each committee of our board of directors are described below. Members serve on these committees until their resignation or until otherwise determined by our board of directors. Our board of directors may establish other committees as it deems necessary or appropriate from time to time.

Although each committee is directly responsible for evaluating certain enumerated risks and overseeing the management of such risks, the entire board of directors is generally responsible for and is regularly informed through committee reports about such risks and any corresponding remediation efforts designed to mitigate such risks. In addition, appropriate committees of the board of directors receive reports from senior management within the organization in order to enable the board of directors to understand risk identification, risk management and risk mitigation strategies. When a committee receives such a report, the chairman of the relevant committee reports on

the discussion to the full board of directors during the committee reports portion of the next board of directors meeting. This enables the board of directors and its committees to coordinate the risk oversight role.

Audit Committee

As proposed, the members of our audit committee would be Grainne Coen, Elisabeth DeMarse, and Jeannie Mun. Ms. Coen would continue to chair the audit committee. After reviewing the qualifications of the proposed members of the audit committee, and any relationships they may have with us that might affect their independence, the board of directors has determined that all current audit committee members are “independent” as that concept is defined in Section 10A of the Exchange Act, all current audit committee members are “independent” as that concept is defined in the applicable rules of The Nasdaq Stock Market, LLC, all current audit committee members are financially literate, and both Ms. Coen and Ms. Mun qualify as an “audit committee financial expert” under the applicable rules promulgated pursuant to the Exchange Act. Our audit committee met 4 times during 2021. A copy of the charter for the committee is posted on our website at www.Kubient.com. The inclusion of our website address in this Proxy Statement does not include or incorporate by reference the information on our website into this Proxy Statement.

The audit committee’s main function is to oversee our accounting and financial reporting processes, internal systems of control, independent registered public accounting firm relationships and the audits of our financial statements. The committee’s responsibilities include, among other things:

A copy of the charter for the committee is posted on our website at www.Kubient.com. The inclusion of our website address in this Proxy Statement does not include or incorporate by reference the information on our website into this Proxy Statement. Compensation Committee

As proposed, the members of our compensation committee would be Grainne Coen, Elisabeth DeMarse, and Jeannie Mun. Ms. Mun would continue to chair the compensation committee. Each member of our compensation committee is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended. The primary purpose of our compensation committee is to discharge the responsibilities of our board of directors in overseeing our compensation policies, plans and programs and to review and determine the compensation to be paid to our executive officers, directors and other senior management, as appropriate. Our compensation committee met 4 times during 2021. A copy of the charter for the committee is posted on our website at www.Kubient.com. The inclusion of our website address in this Proxy Statement does not include or incorporate by reference the information on our website into this Proxy Statement. Specific responsibilities of our compensation committee include, among other things:

- reviewing and recommending corporate goals and objectives relevant to the compensation of our chief executive officer and other executive officers;
- making recommendations to our board of directors with respect to, the compensation level of our executive officers;
- reviewing and recommending to our board of directors employment agreements and significant arrangements or transactions with executive officers;
- reviewing and recommending to our board of directors with respect to director compensation; and
- overseeing and administering our equity-based incentive plan or plans.

With respect to director compensation, our compensation committee is responsible for reviewing the compensation paid to members of the board and recommending modifications to board compensation that the compensation committee determines are appropriate and advisable to the board for its approval from time to time. In this regard, the compensation committee may request that management report to the compensation committee periodically on the status of the board's compensation in relation to other similarly situated companies.

In determining compensation for our executive officers, the compensation committee typically considers, but is not required to accept, the recommendations of our Chief Executive Officer regarding the performance and proposed base salary and bonus and equity awards for the other executive officers, as well as himself. The compensation committee may also request the assistance of our Chief Financial Officer in evaluating the financial, accounting and tax implications of various compensation awards paid to the executive officers. However, our Chief Financial Officer does not determine the amounts or types of compensation paid to the executive officers. Our Chief Executive Officer and certain of our other executive officers may attend compensation committee meetings, as requested by the compensation committee. None of our executive officers, including our Chief Executive Officer, will attend any portion of the compensation committee meetings during which the executive officer's compensation is established and approved.

Nominating and Corporate Governance Committee

As proposed, the members of our nominating and corporate governance committee would be Jonathan Bond, Grainne Coen, Elisabeth DeMarse, Lawrence Harris, and Jeannie Mun. Ms. DeMarse would chair the nominating and corporate governance committee. Our nominating and corporate governance committee met 4 times during 2021. A copy of the charter for the committee is posted on our website at www.Kubient.com. The inclusion of our website

address in this Proxy Statement does not include or incorporate by reference the information on our website into this Proxy Statement. This committee's responsibilities include, among other things:

- developing and recommending to our board of director's corporate governance principles, codes of conduct and compliance mechanisms; and

When evaluating director candidates, the nominating and corporate governance committee may consider several factors, including relevant experience, independence, commitment, compatibility with the Chief Executive Officer and the board of directors' culture, prominence and understanding of the Company's business, as well as any other factors the corporate governance and nominating committee deems relevant at the time. The corporate governance and nominating committee makes a recommendation to the full board of directors as to any person it believes should be nominated by our board of directors, and our board of directors determines the nominees after considering the recommendation and report of the corporate governance and nominating committee.

Any director or executive officer of the Company may recommend a candidate to the nominating and corporate governance committee for its consideration. The nominating and corporate governance committee will also consider nominees to our board of directors recommended by stockholders if stockholders comply with the advance notice requirements in our bylaws. Our bylaws provide that a stockholder who wishes to nominate a person for election as a director at a meeting of stockholders must deliver timely written notice to our Corporate Secretary at the following address:

The inclusion of our website address in this report does not include or incorporate by reference the information on our website into this report.

Director Nomination Process

Our board of directors believes that its directors should have the highest professional and personal ethics and values, consistent with the Company's longstanding values and standards. They should have broad experience at the policy-making level in business, government or civic organizations. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom

based on their own unique experience. Each director must represent the interests of all stockholders. When considering potential director candidates, our board of directors also considers the candidate's independence, character, judgment, diversity, age, skills, including financial literacy, and experience in the context of our needs and those of our board of directors. Our board of directors believe that diversity is an important attribute of the members who comprise our board of directors and that the members should represent an array of backgrounds and experiences and should be capable of articulating a variety of viewpoints. Our board of directors priority in selecting board members is the identification of persons who will further the interests of our stockholders through his or her record of professional and personal experiences and expertise relevant to our business.

Stockholder Nominations to the Board of Directors

Our bylaws provides that our board of directors will accept for consideration submissions from stockholders of recommendations for the nomination of directors. Acceptance of a recommendation for consideration does not imply that the board of directors will nominate the recommended candidate. Director nominations by a stockholder or group of stockholders for consideration by our stockholders at our annual meeting of stockholders, or at a special meeting of our stockholders that includes on its agenda the election of one or more directors, may only be made pursuant to our bylaws or as otherwise provided by law. Nominations pursuant to our bylaws are made by delivering to our Corporate Secretary, within the time frame described in our bylaws, all of the materials and information that our bylaws require for director nominations by stockholders.

No person shall be eligible to serve as a director of the Company unless nominated in accordance with the procedures set forth in our bylaws and any nominee proposed by a stockholder not nominated in accordance with our bylaws shall not be considered or acted upon for execution at such meeting. Stockholders' notice for any proposals requested to be included in our prospectus pursuant to Rule 14a-8 under the Exchange Act (including director nominations), must be made in accordance with that rule.

There were no material changes to the procedures by which stockholders may recommend nominees to the Company's board of directors during the year ended December 31, 2021.

Board Diversity

Our nominating and corporate governance committee is responsible for reviewing with board of directors, on an annual basis, the appropriate characteristics, skills and experience required for the board of directors as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current members), the nominating and corporate governance committee, in recommending candidates for election, and the board of directors, in approving (and, in the case of vacancies, appointing) such candidates, will take into account many factors, including the following:

- personal and professional integrity, ethics and values;
- experience in corporate management, such as serving as an officer or former officer of a publicly-held company;
- development or commercialization experience in large consumer products companies
- experience as a board member or executive officer of another publicly-held company;

- diversity of expertise and experience in substantive matters pertaining to our business relative to other board members;
- diversity of background and perspective, including with respect to age, gender, race, place of residence and specialized experience;

Currently, our board of directors evaluates each individual in the context of the board of directors as a whole, with the objective of assembling a group that can best maximize the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee has discussed with Marcum LLP, the Independent Registered Public Accounting Firm to the Company, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, the matters required to be discussed by PCAOB Auditing Standard No. 16, *Communications with Audit Committees*, and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has received and reviewed the written disclosures and the letter from Marcum LLP required by applicable requirements of the PCAOB regarding Marcum LLP's communications with the Audit committee concerning independence, and the Audit Committee has discussed with Marcum LLP its independence.

The Audit Committee discussed with Marcum LLP the overall scope and plans for their audit. The Audit Committee meets with Marcum LLP, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held 4 meetings during fiscal year 2021.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the board of directors (and the board of directors has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2021 for filing with the SEC. The Audit Committee and the board of directors have also recommended, subject to stockholder ratification, the selection of Marcum LLP as the Company's Independent Registered Public Accounting Firm.

Respectfully submitted,

Narrative to Summary Compensation Table

Executive Compensation Considerations

The Company's compensation committee reviews financial information and other performance metrics relative to the historical compensation of executive management and comparative information prepared internally. The compensation committee also reviews management's recommendations for compensation levels of all of the Company's named executive officers and considered these recommendations with reference to relative compensation levels of like-size institutions. The totality of the information reviewed by the compensation committee is considered when establishing current executive salary levels, and similar analysis is expected to be considered when reviewing and establishing future salaries and long-term incentives. The Company's compensation policies and practices are designed to ensure that they do not foster risk taking above the level of risk associated with the Company's business model. For this purpose, the compensation committee generally considers the Company's financial performance, comparing that performance to the performance metrics included in the Company's strategic plan. The compensation committee also generally evaluates management's compensation in light of other specific risk parameters. The Company's compensation programs are aimed at enabling it to attract and retain the best possible executive talent and rewarding those executives commensurate with their ability and performance. The Company's compensation programs consist primarily of base salary and bonus.

Independent Advice on Pay-Setting Process

In 2021, the compensation committee retained an outside compensation consultant, Mercer LLC ("Mercer"), to benchmark pay levels for the executive leadership team and outside directors, including base salary and short- and long-term incentives. Mercer also assisted with the design of the short- and long-term incentive programs to ensure such programs support the Company's business strategy and are consistent with market practice. To benchmark pay, Mercer considered data from three sources to reflect the Company's intersecting talent markets:

- *Option Impact Database*: This database is made up of private technology companies based in the United States that have completed at least a Post Series B funding round.
- *Mercer Comptryx Database*: This database is made up of both private and public technology companies based in the United States with revenues less than \$500 million.
- *Public Company Peer Group*: Mercer reviewed the public filings and financial statements of 17 publicly traded companies with revenues approximately 0.5x-2.5x that of the Company, and with which the Company competes for talent and that are in industries similar to the Company, including advertising, application/systems software, interactive media and services, and internet and direct marketing retail.

Mercer also referenced peer practices in assisting with the design of the short- and long-term incentive plans, including metrics and weightings, and payout leverage and performance periods, and equity vehicle prevalence for the long-term plan. Mercer considered the public company peer group practices as well as the practices of larger companies in recommending incentive plan design decisions.

PROPOSAL TWO

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The board of directors has appointed Marcum LLP to serve as our independent registered public accounting firm and to audit its consolidated financial statements for fiscal year 2022, subject to ratification by the Company's stockholders at the Meeting. Marcum LLP has served as the Company's Independent Registered Public Accounting Firm since 2019. To the knowledge of management of the Company, neither such firm nor any of its members has any direct or material indirect financial interest in the Company, nor any connection with the Company in any capacity other than as our independent registered public accounting firm.

Although stockholder ratification and approval of this appointment is not required by the Company's bylaws or otherwise, in keeping with the Company's policy that its stockholders should be entitled to a voice in this regard and as a matter of good corporate practice, the board of directors is seeking ratification of this appointment. If the appointment is not ratified, the board of directors must then determine whether to appoint other independent registered public accounting firms prior to the end of the current fiscal year. In such case, the opinions of stockholders will be taken into consideration.

Fees Paid to Independent Registered Public Accounting Firm

The Audit Committee has reviewed the following audit and non-audit fees the Company has paid to Marcum LLP for 2020 and 2021 for purposes of considering whether such fees are compatible with maintaining the auditor's independence. The policy of the Audit Committee is to pre-approve all audit and non-audit services performed by Marcum LLP before the services are performed, including all of the services described below under "*Audit-Related Fees*," "*Tax Fees*" and "*All Other Fees*" below.

The following is a summary of the fees billed to the Company by Marcum LLP for professional accounting services rendered for the fiscal years ended December 31, 2020 and 2021:

	Fiscal Year 2021	Fiscal Year 2020
Audit fees ⁽¹⁾	\$259,185	\$266,032
Audit related fees	—	—
Tax fees ⁽²⁾	—	—
All other fees ⁽³⁾	17,510	—
	<u>\$276,695</u>	<u>\$266,032</u>

(1) Audit fees consist of fees billed for services rendered for the audit of our financial statements and review of our financial statements included in our Quarterly Reports on Form 10-Q.

(2) Tax fees consist of fees billed for professional services related to the preparation of our U.S. federal and state income tax returns.

(3) All other fees consist of fees billed for professional services related to non-recurring fees related to the Registration Statement on Forms S-1 and S-8 and amendments thereto filed with the SEC in those years.

Representatives of Marcum LLP are expected to be in attendance at the Meeting and will be afforded the opportunity to make a statement. The representatives will also be available to respond to appropriate questions.

The enclosed Proxy will be voted as specified, but if no specification is made, it will be voted "FOR" the adoption of the resolution of ratification.

The board of directors recommends a vote "FOR" this proposal.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the beneficial ownership of our common stock as of April 14, 2022 by:

- each stockholder known by us to beneficially own more than 5% of our outstanding common stock;
- each of our directors;
- each of our named executive officers; and
- all of our directors and executive officers as a group.

We have determined beneficial ownership in accordance with the rules of the SEC. These rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting of securities, or to dispose or direct the disposition of securities. A security holder is also deemed to be, as of any date, the beneficial owner of all securities that such security holder has the right to acquire within 60 days after such date through (i) the exercise of any option or warrant, (ii) the conversion of a security, (iii) the power to revoke a trust, discretionary account or similar arrangement, or (iv) the automatic termination of a trust, discretionary account or similar arrangement. Except as disclosed in the footnotes to this table and subject to applicable community property laws, we believe that each person identified in the table has sole voting and investment power over all of the shares shown opposite such person's name.

The percentage of beneficial ownership is based on 14,356,935 shares of our common stock outstanding as of April 14, 2022. Except as otherwise indicated below, the address of each beneficial owner of our common stock is c/o Kubient, Inc., 500 7th Avenue, 8th Floor New York, New York 10018.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures for Related Person Transactions

Our board of directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which we are a participant, the amount involved exceeds \$120,000 and one of our executive officers, directors, director nominees or 5% stockholders, or their immediate family members, each of whom we refer to as a “related person,” has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a “related person transaction,” the related person must report the proposed related person transaction to our Chief Financial Officer. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by our audit committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the committee after full disclosure of the related person’s interest in the transaction. As appropriate for the circumstances, the committee will review and consider:

- the related person’s interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person’s interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party; and
- the purpose of, and the potential benefits to us of, the transaction.

The audit committee may approve or ratify the transaction only if the committee determines that, under all of the circumstances, the transaction is in our best interests. The committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC’s related person transaction disclosure rule, our board of directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

- interests arising solely from the related person’s position as an executive officer of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (i) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (ii) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, and (iii) the amount involved in the transaction is less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; and
- a transaction that is specifically contemplated by provisions of our certificate of incorporation, as amended and restated, or bylaws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the compensation committee in the manner specified in its charter. We have a written policy regarding the review and approval of related person transactions. With respect to such transactions, it is our policy for our board of directors to consider the nature of and business reason for such transactions, how the terms of such transactions

compared to those which might be obtained from unaffiliated third parties and whether such transactions were otherwise fair to and in the best interests of, or not contrary to, our best interests. In addition, all related person transactions required prior approval, or later ratification, by our board of directors.

Related Party Transactions

There were no related party transactions during the year ended December 31, 2021.
